### Online Safety—Fortnite

We have noticed that quite a few of our children have mentioned playing on an online game called Fortnite. We feel it is important that parents are aware of what the game is.

Fortnite is an online game, which includes Battle Royale, where players do not have to pay to play. In Battle Royale, 100 players compete against each other to be the last person standing in player vs player (PVP) combat. Fortnite has a PEGI rating of 12, PEGI have said this is due to the: 'frequent scenes of mild violence. It is not suitable for persons under 12 years of age'.

This PEGI rating only takes into account the content in the game and not the contact element, where players may be exposed to swearing and offensive language from strangers, either through audio or on-screen text chat.
