Thanks to all parents who telephone school and bring in medical evidence when their child is absent from school. A polite reminder that all parents need to bring into school medical evidence when their child is absent. Please note— if your child is absent on a Friday they miss the whole days mark. NOT just half a day.

The above table shows how many days your child has missed if their attendance is below 96% over a year. All children should aim to be in school for the national average of 96% or above.
