Parent/Carer Workshops

At Perry Hall Primary School, we are offering parents/carers an opportunity to attend various workshops throughout the academic year. They will include information about the curriculum and how parents/carers can support their child's learning.

Attending the workshops will ensure a consistency in approaches between home and school, which will benefit the children enormously.

The workshops will be led by our teaching staff and curriculum leaders.

They will be practical, information gaining sessions, during which you will be able to ask any questions you have.

If there are other workshops you feel the school needs to offer, then please let us know.

We look forward to seeing you at the workshops and working together to help support your children.
