

## Pupil Premium Strategy Statement

### 1. Summary information

<b>School</b>	Perry Hall Primary School				
<b>Academic Year</b>	2018-19	<b>Total PP budget</b>	£175,480.00	<b>Date of most recent PP Review</b>	
<b>Total number of pupils</b>	468 (inc. Nursery) 413 (exc. Nursery) Plus 16 T4Ts provision	<b>Number of pupils eligible for PP</b>	120 (inc. Nursery)  109 (exc. Nursery)	<b>Date for next internal review of this strategy</b>	January 2019  April 2019  July 2019

### 2. Current attainment

	<i>KS1 Pupils eligible for PP</i>			<i>KS1 All Pupils (National)</i>	<i>KS2 Pupils eligible for PP</i>			<i>KS2 All Pupils (National)</i>
	PP Pupils	% of cohort	% of PP		PP Pupils	% of cohort	% of PP	
<b>% of pupils achieving expected standard in reading, writing and maths</b>	N/A	N/A	N/A	N/A	15 <b>(21)</b>	25%	<b>71%</b>	61%
<b>% of pupils achieving expected standard in reading</b>	10 <b>(19)</b>	17%	<b>53%</b>	76%	19 <b>(21)</b>	32%	<b>90%</b>	72%
<b>% of pupils achieving expected standard in writing</b>	11 <b>(19)</b>	18%	<b>58%</b>	68%	17 <b>(21)</b>	29%	<b>81%</b>	76%
<b>% of pupils achieving expected standard in maths</b>	11 <b>(19)</b>	18%	<b>58%</b>	75%	20 <b>(21)</b>	34%	<b>95%</b>	75%
<b>% of pupils achieving the phonics standard in Year 1</b>	8 <b>(12)</b>	14%	<b>67%</b>	81%	N/A	N/A	N/A	N/A
<b>% of pupils achieving the phonics standard in Year 2</b> <i>Year 2 Phonics – 12 pupils (9 PP)</i>	9 15 <b>(19)</b>	15% 25%	<b>79%</b>	92%	N/A	N/A	N/A	N/A

### 3. Cohort information

	Terrific for 2's	Nursery	Reception	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
Number of children	16	55	58	57	59	59	62	57	61
Number of pupil premium	0	11	7	19	12	17	15	23	16
% PP	0	20	12	33	20	29	24	40	26

<b>4. Barriers to future attainment (for pupils eligible for PP, including high ability)</b>		
<b>In-school barriers</b> ( <i>issues to be addressed in school, such as poor oral language skills</i> )		
<b>A.</b>	Due to the low starting points of our pupil premium children, we need to ensure that they have the key Mathematics and English skills to access the whole curriculum and to achieve as well as other children.	
<b>B.</b>	Pupils attitudes to learning (motivation) – Some of our pupils disengage from the curriculum due to the lack of resilience, the school needs to build opportunities for children to fail in a safe environment, leading to ultimate success.	
<b>C.</b>	All pupil premium children, including the more able pupil premium children, do not always have the confidence and self-esteem to apply their skills outside the core curriculum	
<b>External barriers</b> ( <i>issues which also require action outside school, such as low attendance rates</i> )		
<b>D.</b>	Parents and carers of children eligible for PP do not always feel confident in engaging with the school e.g. attendance at workshops, etc. This creates a barrier and the school in supporting these children.	
<b>E.</b>	Attendance rates for pupils eligible for pupil premium are 94% Which is lower than that of other children. This reduces their hours and causes them to fall behind.	
<b>5. Desired outcomes</b>		
	<i>Desired outcomes and how they will be measured</i>	<i>Success Criteria</i>
<b>A.</b>	Children make at least expected progress against the Age Related Expectations, and many make greater than expected progress, therefore diminishing the gap.	Diminished gap between pupil premium children and national expectations
<b>B.&amp; C.</b>	An increase in motivation, attitudes to learning and an increased degree of confidence and independence.	Through internal monitoring pupil premium children make better than expected progress in all subjects.
<b>D.</b>	The school provides opportunities for parents to support their children outside school, through tailored workshops and experiences.	Workshop attendance increase by 50%
<b>E.</b>	Improve attendance from 91.5% to 96.1 %	For the attendance of pupil premium children to be in-line with national averages.

<b>6. Planned expenditure</b>					
<b>Academic year</b>	<b>2018-19</b>				
The three headings below enable schools to demonstrate how they are using the pupil premium to improve classroom pedagogy, provide targeted support and support whole school strategies.					
<b>i. Quality of teaching for all</b>					
<b>Desired outcome</b>	<b>Action / approach</b>	<b>What is the evidence and rationale for this choice?</b>	<b>How will you ensure it is implemented well?</b>	<b>Staff lead</b>	<b>Review of implementation</b>
Children make at least expected progress against the Age Related Expectations, and many make greater than expected progress, therefore diminishing the gap.	Developing feedback to pupils. Providing staff training and implementation  Introduction of ELKLAN, Talk Partners to staff working in EYFS and KS1	Many different evidence sources, e.g. EEF Toolkit suggest high quality feedback is an effective way to improve attainment, that we can embed across the school.  Communication and language enable us to access all learning. Speech and language training will support the school in identifying developmental delay and implement support.	<ul style="list-style-type: none"> <li>• Training selected using evidence of effectiveness.</li> <li>• Use phase meetings to deliver training.</li> <li>• Monitor impact of training</li> <li>• Identification and work alongside another successful setting to develop peer to peer support</li> </ul>	EHT and DHTs  English Lead in school	Feb 2019 - continued monitoring half termly  November 2018 - continued monitoring half termly
An increase in motivation, attitudes to learning and an increased degree of confidence and independence.	Staff training and implementation  Consider BLP / link to revised core values	Meta-cognition and self-regulation approaches (sometimes known as 'learning to learn' approaches) aim to help learners think about their own learning more explicitly. This is usually by teaching pupils specific strategies to set goals, and monitor and evaluate their own academic development managing one's own motivation towards learning.	<p>a) Training on self and peer assessment and use of targets by children – using evidence of effectiveness.</p> <p>b) Application of skills</p> <p>c) To develop plan, do, review within early years to encourage independence and self-motivation.</p> <ul style="list-style-type: none"> <li>• Use staff meetings to deliver training.</li> <li>• Monitor impact of training</li> <li>• Identification and work alongside another successful setting to develop peer to peer support</li> </ul>	EHT and DHTs	December 2018  February 2019 - continued monitoring half termly

<b>ii. Targeted support</b>					
<b>Desired outcome</b>	<b>Action / approach</b>	<b>What is the evidence and rationale for this choice?</b>	<b>How will you ensure it is implemented well?</b>	<b>Staff lead</b>	<b>Review of implementation</b>
Children make at least expected progress against the Age Related Expectations, and many make greater than expected progress, therefore diminishing the gap.	<p>Training for staff on oral language Interventions and small group targeted interventions</p> <p>LA training –EAL talk partners</p>	<p>The EFF tool highlights that studies of oral language interventions consistently show positive benefits on learning, including oral language skills and reading comprehension. Evidence indicates that one to one and small group interventions can be effective, on average accelerating learning by approximately five additional months' progress. Intensive tuition in small groups is often provided to support lower attaining learners or tHTe who are falling behind, but it can also be used as a more general strategy to ensure effective progress, or to teach challenging topics or skills.</p> <p>LA training on EAL Talking Partners, proven to have impact in other MAT schools</p>	<ul style="list-style-type: none"> <li>• Use phase meetings / staff meetings to deliver training.</li> <li>• Monitor impact of training</li> <li>• Review interventions half termly EAL talk partners / Talking Partners / Talk for Maths</li> <li>• Identification and work alongside another successful setting to develop peer to peer support (DHPS)</li> </ul>	EHT and SLT	Half termly

An increase in motivation, attitudes to learning and an increased degree of confidence and independence.	Behaviour and emotional needs intervention  1-1 support from the Assistant Educational Physiologist (AEP)	Evidence suggests that behaviour interventions can produce large improvements in academic performance along with a decrease in problematic behaviours, though estimated benefits vary widely across programmes. Impact is greater for targeted interventions matched to specific students with particular needs	<ul style="list-style-type: none"> <li>• Training for identified staffing in each phase.</li> <li>• Implementation of intervention</li> <li>• Monitoring of intervention</li> </ul>	Phase leaders and Inclusion and Safe-guarding Lead	Half termly
<p>Training – all staff 1.5 hours EAL Talk Partners          LA Training – Talking Partners (x2 TAs)          Time to deliver interventions – based on 50% of pupils in each year group receiving x 1 intervention 30 min (50% led by class teachers; 20% led by Level 3 TAs; 30% led by HLTAs)          AEP time based on 20 pupils receiving 30 min 1-1 every week from AM (AEP)          Monitoring - this is based on 30 days monitoring by SLT          Relax Kids intervention / Base 25 intervention to identify and target PP pupils who would most benefit from support.</p>					
<b>iii. Other approaches</b>					
<b>Desired outcome</b>	<b>Action / approach</b>	<b>What is the evidence and rationale for this choice?</b>	<b>How will you ensure it is implemented well?</b>	<b>Staff lead</b>	<b>When will you review implementation?</b>
The school provides opportunities for parents to support their children outside school, through tailored workshops and experiences.	Workshops for parents on how to support your child with core skills (Phonics, Reading, SPaG, Writing, Mathematics, SAT preparation, eSafety)	Parental involvement and understanding of the curriculum and language development in the early years and primary education supports the child in gaining confidence in making progress.	<ul style="list-style-type: none"> <li>• Staff to create a workshop based on the needs of both the parents and the children</li> </ul>	EHT / DHTs / AHT and other staff	Half termly reviews and future workshops adapted accordingly

Improve attendance from 91.5% to 96.1%	<p>Send out letters to remind parents about attendance</p> <p>Ensure systems and procedures for punctuality and attendance are in place and adhered to.</p> <p>Good and outstanding attendance acknowledged and praised</p> <p>Daily, fortnightly and half termly monitoring of attendance of PP and PP individuals.</p>	Attendance ensures children are learning and have a regular routine. If they are not in school they cannot make the progress that is required to diminish the difference.	<ul style="list-style-type: none"> <li>• Weekly meetings with the education and family engagement officer</li> <li>• Meetings to be held with parents</li> <li>• Praise for good attendance during celebration assemblies</li> <li>• Inclusion team to work with parents and pupils</li> <li>• Report to link governor</li> </ul>	EHT / SLT (inc. Inclusion Lead) and Front Office Staff	Fortnightly basis
