

### Mr Bonham's Challenge!

I hope you're all well and hope you are taking part in lots of exciting learning at home- especially that very important subject called **PE** :-)

I just wanted to let you all know about a few little challenges you can do at home or in your gardens to help you to keep active and to also challenge yourself. Follow the links below- we want to see how well you can do in a week.

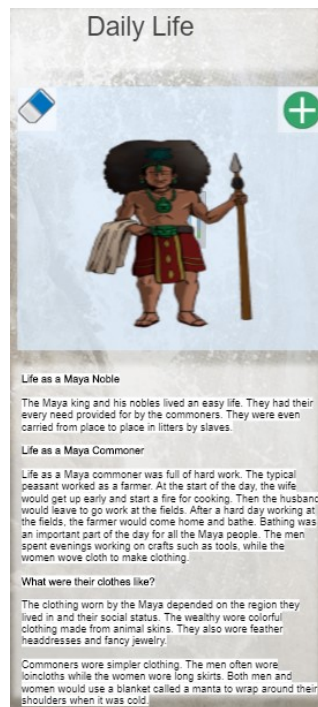

[https://youtu.be/tJ9e\\_CuSKQg](https://youtu.be/tJ9e_CuSKQg) - part 1

<https://youtu.be/YQ8bKmiaPPg> - part 2

We would love to see some photos/videos of you trying these challenges.

I know it's difficult staying home but remember you're all playing an important part in helping to keep the country safe! Please stay at home, stay safe and we look forward to seeing your PE challenge photos and videos. Mr Boneham

A fantastic leaflet created by Sienna M all about the Mayan's. Well done!

## Perry Hall News! Year 4

Wednesday 22nd April

A Place to Grow

### Be Happy, Be healthy!

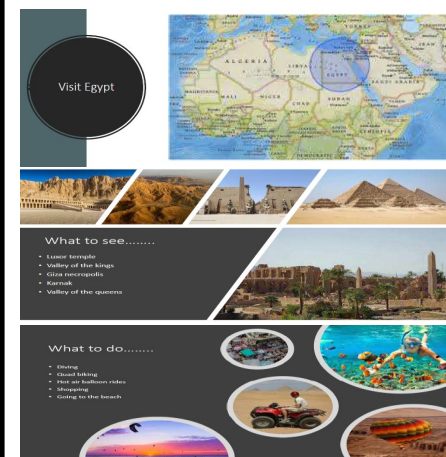

Welcome to our second year group newsletter. The theme of this newsletter is "Be happy, be healthy".

We want to ensure all our families are looking after each others' wellbeing while at home. To support you with this, we will be sharing lots of fun ideas which the whole family can enjoy together at home.

Thank you to all of the children that have sent in photos of their fun and learning. We have added some to this newsletter and will also be uploading them onto our website. Please keep them coming in via your year group email address, with your permission for us to share them.

Please stay safe and get in touch via email or phone if you require any support.  
Miss Kohli—missing you all.

[An amazing brochure about Egypt from Rhiannon T](#)

### Message from Mrs Cook- Our Relax Kids Teacher

As you may remember, I do Relax kids classes across school and have a club after school as well. Here are some activities to help you keep

clam and relaxed. Click on each poster to bring up the activity/information.

"Some somewhere over the rainbow, skies are blue, and the dreams that

you dare to dream, really do come true." Stay safe, safe happy and stay strong. I look forward to our next Relax kids adventure together. - Mrs Cook -

### Message from Mr Fergusson

I hope you have all had the most wonderful Easter Break at home with your families. It's been lovely to hear off some of you via email and see the wonderful work you have completed via Purple Mash, Time Table Rock Stars, and the Year 4 Project Sheet. As well as all the Maths and English work—keep it up guys!

I've had a lovely Easter Break with my family and I'm now ready for the Summer Term with you all where ever it may be. Remember to try your best with all of your home learning and make it count!

Stay safe all, Mr Fergusson :)

### Message from our Chair of Governors

Hi Everyone. Isn't it amazing how much we are all missing Perry Hall? Our children are missing learning exciting new things and playing with their friends, staff are missing teaching and interacting with their pupils and parents are missing hearing from our children about the fun they have had during their day on the way home each day. My favourite thing about being a governor at Perry Hall is going into school when the classrooms are full of pupils and staff and the whole building is alive! I hope you are all well and staying safe and look forward to seeing everyone again soon.  
Mr Tarbuck

Colman Avenue, Wolverhampton, WV11 3RT. Telephone number: 01902558538

School website: [www.perryhall.co.uk](http://www.perryhall.co.uk)

Email address: [perryhallprimaryschool@wolverhampton.gov.uk](mailto:perryhallprimaryschool@wolverhampton.gov.uk)

Executive Headteacher: Miss R Kohli

## Mathematics Daily Learning- White Rose- Update

<https://whiterosemaths.com/homelearning/>

### Home Learning - Year 4

Week 1	+
Week 2	+
Summer Term - Week 1	+
Summer Term - Week 2	+

The two weeks of lessons from before the Easter holiday are still available to access if you didn't get chance to cover all of the learning.

### Summer Term

For the weeks beginning the 20<sup>th</sup> April and the 27<sup>th</sup> April, similar daily maths lessons will be available Monday-Thursday and Fridays will be a 'Maths Challenge' day.

#### Lesson 1 - Make a whole

Flashback 4

Year 4 | Week 1 | Day 1

- Divide 32 by 100
- What number is represented on the grid?
- Write  $\frac{3}{10}$  as a decimal.
- What is 1000 less than 8,732?

Get the Activity

Lesson 1 - Y4 Summer Block 1 WO1 Make a whole 2020

Get the Answers

Lesson 1 - Y4 Summer Block 1 ANS1 Make a whole 2020

At the start of each daily video, there will now be a 'Flashback challenge'- four questions for children to tackle which revisit previous learning.

Just continue to follow these four easy steps...

- Click on the set of lessons for your child's year group.
- Watch the video (either on your own or with your child).
- Find a calm space where your child can work for about 20-30 minutes (children to tackle the flashback questions and the daily activity/worksheet).
- Use the video guidance to support your child as they work through a lesson.
- Check children's answers using the answer sheet. Email your year group staff with any questions/concerns or to simply share children's outcomes of work.

From Summer Term Week 3, week beginning 4th May, you will still be able to access these daily Maths lessons- the videos will still be published on the White Rose website however the school will now have to pay for the matching resources, so the daily worksheets will be uploaded on a weekly basis to our school website (there has been a specific maths area created for these). Other activities, e.g. weekly arithmetic tests, provided by staff, will also be available. In addition, BBC Bitesize have teamed up with White Rose from w.b. 4th May, so additional learning material- in the form of videos, interactive games and worksheets- will also be available at <https://www.bbc.co.uk/bitesize/dailylessons>. All resources, from both White Rose and Bitesize, will follow this same plan from 4th May:

#### Week by Week Summer Term Plan

	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Week 8	Week 9	Week 10	Week 11	Week 12
Y4	20.4.20	27.4.20	4.5.20	11.5.20	18.5.20	25.5.20	1.6.20	8.6.20	15.6.20	22.6.20	29.6.20	6.7.20
	Decimals	Decimals	Multiplication, division, perimeter and area	Fractions	Fractions	Decimals	Decimals	Money and statistics	Money and statistics	Geometry and measures	Geometry and measures	Geometry and measures

## MFL

The resource that we use in school to support MFL has released weekly learning tasks online to keep up your children's Spanish understanding whilst at home.

To access these go to <https://www.speekee.com> follow the *iHola Speekee!* link. Here you will find 10 sets of lessons for three different age groups: up to 7 years, 7 to 9 years and 9-11 years that will cover 1 theme per week (as below).

They use videos in these lessons with real Spanish children in real Spanish locations alongside language learning games and activities for children to complete (some of these require activity sheets to be printed but they are not essential to the learning), all of which supports the National Curriculum for MFL. No registration or log in is required for you to access the resources.

¡Diviértete!

### Purple Mash

Continue to look out for the tasks continually

being assigned to your children for them to access via Purple Mash. Access to Purple Mash can be gained by visiting <https://www.purplemash.com/sch/perryhall>.

Any problems with logins or passwords then please contact us.

Have a go at creating some wild art. You can use leaves, twigs, feathers, pinecones, grass, flowers, mud. It's up to you what you create. The important thing to remember is there are no rules. Use your imagination and create some wonderful wild art. Don't forget to take a photo and email it in!

### Home Learning Grids

The latest home learning grids were sent out just before we broke up for the Easter holidays.

The links were sent via text but they can also be found on the school website.

Hello Year 4,

I hope you all had a wonderful Easter break. I can see lots of you have been busy over the last few weeks completing your home learning tasks. Well done and keep up the hard work! Don't forget to email in if you haven't done so already, we'd love to hear from you. See you soon!

Mrs Rai

### I love to...

Click on the activity sheet below to view the task. Complete the sheet and fill it full of all of the things you love to do.

Hello Year 4,

Look who I found in the garden! The hedgehogs are likely to be coming out of hibernation at this time of year, so I'll be keeping my eyes peeled for any more snooping about. Although the current situation is difficult for all of us, I suspect the wildlife may well be enjoying the emptier roads and the new-found peace and quiet. Have any of you been lucky enough to catch a glimpse of any wildlife in your gardens, or perhaps while out getting your daily exercise? If so, I would certainly be interested to hear what you have discovered! I hope you are all well. Stay cheerful, keep up all your hard work at home and don't forget to keep smiling! Miss Bayley

### Upcoming Times Table

#### Rock Stars Tournaments.

Home	Away	Start	End
4CF	4SR	22 Apr 20, 09:00	03 May 20, 17:00
Year 4	Year 5	22 Apr 20, 09:00	03 May 20, 17:00
4CF Boys	4CF Girls	22 Apr 20, 15:00	03 May 20, 15:00
Year 4 Boys	Year 4 Girls	24 Apr 20, 09:00	08 May 20, 15:00
Year 4	Year 6	24 Apr 20, 15:00	06 May 20, 15:15

Please email if you have lost/forgotten usernames and passwords. We can re issue these! :)

### Contact with Families

We are hoping to ensure we have made some form of contact with each of our school families.

If you have not yet made contact with your child's teachers via the year group email ([ph.y4homelearning@perryhallmat.co.uk](mailto:ph.y4homelearning@perryhallmat.co.uk)), then please ensure that you do this— we'd love to hear about and see via photos the fun things you have been getting up to at home.

If we have not heard from you, via any means of communication, then we plan to make phone calls to check in with those families we have not heard from since the school closed.

### Curriculum Update

To further support your child's home learning, in addition to completing the activities set by their year group teachers in their home learning grids, we recommend taking part in the daily curriculum activities on BBC bitesize (<https://www.bbc.co.uk/bitesize/dailylessons>). Here you will find activities for History, Geography, Science and other curriculum subjects. We would particularly like children to take part in the Wellbeing activity each Friday.

### English Daily Learning— Update

#### Reading

During the Summer term, Oxford Owl continue to offer access to their online library of eBooks for children to read from home. These are the same books as we have in school and can be accessed using this link:

<https://home.oxfordowl.co.uk/>

Myon also have an online library of books for children to use. There is a wide range of books and genres, from biographies to graphic novels. They can be accessed at:

<https://readon.myon.co.uk/library/browse.html>

#### Writing

During the first half of the Summer Term, we will continue to use the home learning activities by Hamilton Trust. Each week, children can access a range of English activities, which start with a shared text and some reading activities and build writing skills—just like how we teach writing at Perry Hall!

The activities are easily accessible and have both instruction and answer sheets attached. They can be accessed at:

<https://www.hamilton-trust.org.uk/blog/learning-home-packs/>

In addition to the Hamilton trust, which is our preferred provider, BBC Bitsize are also offering daily lesson in English. They can be found using the following link:

<https://www.bbc.co.uk/bitesize/dailylessons>

#### Learn

Watch this short clip to remind you what **common** and **proper** nouns are.

Each day, there is a short tutorial, followed by a number of interactive activities.

#### Activity 1

Check how well you understood the videos by completing these two short activities.

1. Highlight all the **common nouns** that are used in the sentences.

Remember: **Common nouns** are names of things.

These build towards a short piece of writing each day...

#### Activity 4

Write **five sentences** all about Leroy the Lizard Monster from the video clip you watched at the start of the session.

Once you have written each sentence, **underline all the nouns** that you have used.

If you are feeling super confident, underline all the **proper nouns** you used in one colour and all the **common nouns** you used in another colour.

## Science- Update

We've loved seeing all of your Science activities you have sent across to the year group emails. Now we have a new challenge for you - everyone will do the same activity focussed on one of the Science types of enquiry. However these are differentiated for younger children (KS1) and older children (KS2), allowing siblings to work together on the same activity.

### Question

Is there a link between the length of your outstretched arms and your height?

Take measurements of the people in your house to try and answer the question above. You might measure in centimeters or in the number of pencils long. Once you have measured someone's outstretched arms and their height compare the measurements.

How about other body parts eg. Foot length and height, Foot and forearm, Hand and Leg length etc.

Question Predict Observe Record Analyse Report

Younger Children

Older Children

Create a poster that explains what you found out. Can you include in your poster: your equipment, what was easy and hard to carry out, your result.

Write a report of your investigation showing your question, hypothesis, method, results. When analysing your results, was your hypothesis correct? How could you have improved the investigation? What other investigations could you carry out?

Challenge

About this type of Scientific Enquiry

Draw a graph to show your results

One of the main types of enquiry that scientists carry out is Pattern Seeking. This is when scientists make observations and measurements and then try to see if there are any patterns or ways to link what they observe.

Astronomers use pattern seeking to discover new planets and celestial objects. Sport scientists use pattern seeking to help improve athletes' performance.

These will be uploaded weekly on our school website. Please still send in any work you do - we will be celebrating them in our newsletters.

This week's Science activity is an enquiry focussed on **pattern seeking**.

Create a poster and do one or more activity each day to train your brain to see the positive in any situation!

I CAN TRAIN MY BRAIN to Stay Positive

Click the poster to view a bigger version.

## What have you been up to?

All of your Year 4 staff are missing you and we would love to see what it is you have been getting up to.

Whether it be out riding your bike, playing sports, completing any of your home learning tasks or just being you, please keep us updated and send us some photos to the Year 4 email address

([ph.y4homelearning@perryhallmat.co.uk](mailto:ph.y4homelearning@perryhallmat.co.uk)).

We would all love to see what it is you have been doing and then with parental permission, share some of your fantastic work, efforts and activities via the next newsletter for all of your peers to see! :)

Hi year 4,

I am missing you all very much and I hope you are all keeping busy. I've been keeping myself entertained by doing lots of things in my garden and enjoying the nice weather when I am not at school. Please make sure that you and your families are staying safe and I will see you all soon.

From Mrs Ferguson.

## E-Safety

During the school closure, we know that children have a greater exposure to the online world. It is really important that they keep themselves safe. Children and parents can take part in a range of activities at:

<https://www.thinkuknow.co.uk/>

If you have any concerns, regarding your child's safety online, and you believe they are being targeted, you can report this through CEOP, the online police.

<https://www.ceop.police.uk/safety-centre/>

## Times Tables Rock Stars Results

4CF Boys	2,097	3,408	4CF Girls
Year 4	4,922	2,356	Year 6
