

E-Safety

During the school closure, we know that children have a greater exposure to the online world. It is really important that they keep themselves safe. Children and parents can take part in a range of activities at:

<https://www.thinkuknow.co.uk/>

If you have any concerns, regarding your child's safety online, and you believe they are being targeted, you can report this through CEOP, the online police.

This week, I've been doing lots of cooking. I've been making curries, stir fries and casseroles. Mr Saunders favourites are my cheese scones and my date and walnut cakes. I'm learning lots of new skills and have spent some time in my garden. Stay safe everyone, missing all of you.

Hi everyone,

It continues to feel strange not having the Perry Hall family all together, but we are thankful that we can communicate through class emails and phone messages. Your photos of the wonderful activities you are doing at home really help us all. Be good to your parents/carers as they are trying really hard to teach you new things. I can not wait to see you all back, but in the meantime, stay safe and look after each other. Mrs Russell

It's brilliant to see so many families working together in the kitchen at home. Cooking is a great learning opportunity. Listening to instructions, hand hygiene, weighing and measuring, pouring and mixing, waiting and most importantly– tasting!

Here are some of the delicious foods we've seen since the last newsletter.

Millie's been making pizza!
Her new favourite lunch.

Neve has baked a delicious cake topped with fresh strawberries!

Simran's scrumptious samosas!

Phoebe has also made a cake. She then had a yummy afternoon tea with her family.

VE DAY

75TH ANNIVERSARY

On Friday 8th May, our country (as well as countries all across Europe) will come together to commemorate VE Day's 75th anniversary.

VE Day stands for Victory In Europe Day and although it was not the end of the Second World War, it was the end of fighting in Europe. In 1945, this was a day of celebration, with street parties and celebrations lasting for days! As it's the 75th anniversary, we would like you to take part in this celebration too and across this newsletter you will find activities to help you do so.

One way you could celebrate is by holding your own 'Stay At Home Street Party' by decorating your home in red, white and blue or bunting, wearing those colours and having your own picnic in the garden or in your home. Please send in any photos of your celebrations for us to share!
