

Perry Hall News!

Reception

Friday 10th July

A Place to Grow

Welcome to our seventh year group newsletter.

Can you believe there is only one week left of this academic year! I know you are all eager to know more about next year and your child's new class. Between now and next Wednesday, you will be receiving your child's end of school report (via email), information about September and a link to a transition presentation from your child's new year group. Also, in response to the many parents who have contacted school about end of year gifts for school staff, we are all really touched by the number of enquires, however, due to the current circumstances we are unable to receive any gifts. Thank you for your continued support, take care. Miss Kohli.

Perry Hall's Stay at Home Sports Day

Usually, at this time of year, your child would be getting outside to have some fun competing and taking part in various sporting activities during our annual sports day events. So....get your egg and spoons at the ready and go for gold during Perry Hall's Stay at Home Sports Day!

Take part in all the activities suggested in this newsletter in your gardens, living room, bedrooms or even your kitchens if you wish. Enjoy and have fun with your families. Please remember to take some photos and email to us for us to see and, with your permission, upload to our website.

Click the image to download a certificate which your can complete for your child.

Pillow case race

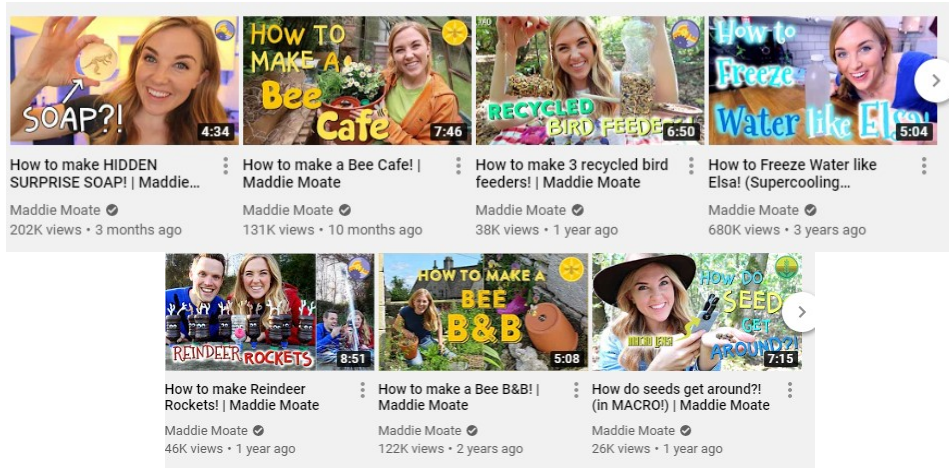

Get a pillow case and step inside. How long does it take you to jump from one side of the garden/room and back.

If there is enough space all race together at the same time.

Have fun!

Science- Update from Mrs Holdcroft

Thank you again to everyone who sent in their findings from our last newsletter's enquiry question. This week we have another challenge for you; we'd like you take part in one of Maddie Moate's online Science lessons and let us know how you get on. You may recognise Maddie from CBeebies 'Do You Know?', however during lockdown she has continued to promote Science through her YouTube channel: <https://www.youtube.com/user/maddiemoate>

You can show us what you've learnt by taking photos of how you get on. We can't wait to see what you get up to with Maddie!

As well as this, Cbeebies programmes such as 'Do You Know?', 'Grace's Amazing Machines', 'Messy Goes To Okido' and 'Bitz and Bob' are a great introduction to Science and STEM for your children to learn from whilst at home and offer lots of conversation and activity starters with your children for how the world around us works.

Egg and spoon race

No sports day would be complete without this classic race. If you're short on preparation time, use a small potato instead of a boiled egg.

Obstacle course

You don't need any fancy equipment to build an obstacle course, just a bit of imagination - a picnic or coffee table for crawling under; an old duvet cover open both ends to create a tunnel to wriggle through; put a pile of hats out half way along the route which have to be balanced on heads; make the competitors step into a zigzag of hula hoops to slow them down. Anything goes as long as it's safe!

E-Safety

During the school closure, we know that children have a greater exposure to the online world. It is really important that they keep themselves safe. Children and parents can take part in a range of activities at:

<https://www.thinkuknow.co.uk/>

If you have any concerns regarding your child's safety online, and you believe they are being targeted, you can report this through CEOP- the online police.

<https://www.ceop.police.uk/safety-centre/>

Purple Mash

Continue to look out for the tasks continually being assigned to your children for them to access via Purple Mash. Access to Purple Mash can be gained by visiting <https://www.purplemash.com/sch/perryhall>.

Any problems with logins or passwords then please contact us.

Sienna—Bleu has become a big sister during lockdown.

Congratulations to you all.

Don't forget to send in your photos and any work you want to share, check or get marked.

Make sure you email your Year group on ...

Executive Headteacher: Miss R Kohli

Sophia' made a stick lady from bits in the garden. She has put a grass skirt on and a leaf top.

It was so lovely seeing you both last week, I had such a fun 3 days at school and also seeing some of my friends back.. I have been busy today, creating some nature art .

Ekam

Oliver weighed the ingredients and made some lovely cakes to sell.

Message from your Year Group Staff

Hi everyone.

Well done to all the children that have returned to school in our Reception bubble. You have all been amazing. For those children still at home, thank you for the emails you are sending us. You are all still working so hard at home and making us proud. We love talking to you on the phone when we call you.

It will be the holidays soon, so lets hope for some lovely weather and lots of fun! Stay safe everyone.

Love Mrs Russell, Mrs Williams, Miss Scott, Miss Stanyer and Mrs Corbett.

Welly Wanging

A child's welly is far safer than a javelin or a discus. Simply take turns to throw the welly as far as you can. After each turn, a family member should place a marker with the person's name on it where the welly landed. When everyone has had a turn, compare the markers to see who has thrown the welly the furthest. They win!

Jenson has been working hard!

He has been practising recognising the coins.

Spell your name PE!

- A- 5 Jumping Jacks
- B- 5 Jumping Jacks
- C- 10 jumps
- D- hop on your right foot
- E- hop on your left foot
- F- crab walk for 10 seconds
- G- do 5 sit ups
- H- 10 mountain climbers
- I- 5 push ups
- J- 30 second high knees
- K- kick your left foot as high as you can
- L- kick your right foot as high as you can
- M- 5 jumping jacks
- N- 10 jumps
- O- hop on your right foot
- P- hop on your left foot
- Q- do 5 sit ups
- R- do 10 mountain climbers
- S- crab walk for 10 seconds
- T- 5 push ups
- U- kick your right foot as high as you can
- V- kick your left foot as high as you can
- W- Run in place for 30 seconds
- X- run with high knees
- Y- 5 push ups
- Z- 5 sit ups

Seth has been looking at under the sea videos and writing about, drawing and making things to do with the ocean. Seth wrote some lovely sentences about an octopus and a star fish.
