

The mathematician

During the holidays, can you create your own times table sheet? It can be on A3 paper, and decorated however you want. It needs to include the 2, 3, 4 and 10 times tables.

You could write the tables down, then cover the answers with a window, like an advent calendar.

Make them as bright as possible, email us a picture of them, and don't forget to practice as much as possible!

Year 3

2020/2021

Holiday Transition Activities

Please send any of your completed tasks by Tuesday 1st September 2020.

Email:

ph.y3homelearning@perryhallmat.co.uk

The Gardener

During the holidays, we would like you to look at growing a flower or vegetable of your choice. Think about what it needs to grow, the requirements it needs and what would happen if it didn't receive any of these?

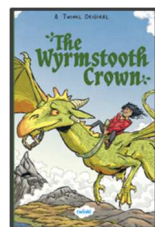

Holiday scrapbook

During your holidays, create a scrapbook of your time away from school. This is a book of all the things you do over the summer holidays that are memorable to you. You can include anything that reminds you of that memory.

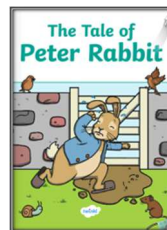

Summer Reading Challenge

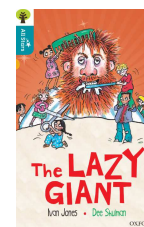

Your Year 3 teachers have been busy reading the books below. See the links on the school website to hear them read the first couple of pages!

The Wyrmostooth Crown

The Tale of Peter Rabbit

The Lazy Giant

Your challenge is to read the same books and vote for your favourite. Remember to think of 3 reasons why! Send your answers to the Year 3 email address above by the First Day back after the holiday!

The athlete

During the holidays, can you create your own Olympic Event? This can be as wacky and fun as you can possibly think of! Try and get your family to join in with you.
