Perry Hall News!

Friday 4th September

A Place to Grow

Welcome to Perry Hall News, a weekly newsletter to celebrate our achievements and keep you up-to-date with upcoming events.

On behalf of all the staff and governors, we would like to welcome you back to this academic year. With a range of restrictions still in place, we are extremely proud of how the children have returned to school, quickly adapting to their 'new normal' and ready to continue their learning journey at Perry Hall. Our main priority continues to be the safety of our staff, our children and their families and we will continue to review the procedures we have in place, making amendments wherever necessary. Please find attached a letter outlining the updated arrangements of drop off and collections starting from Monday 7th September– thank you for all your feedback in relation to this.

What have KS2 been up to this week?

In **Year 3**, the children have thoroughly enjoyed creating their own superheroes and writing a short story based on their character. However, there was a challenge - the children had to write the story in 100 words! We had some fantastic ideas and some great, unique superheroes!

Year 4 have settled well back into life at Perry Hall. As anticipated, there were some nervous faces but it has been as if we have never been away. The children have worked well upon many creative activities whilst being able to understand how school life may look this year. A fantastic start has been made by all.

In **Year 5** this week, we have settled back into Perry Hall by creating our class rules and thinking about what we would like

to achieve during this academic year. We have enjoyed designing our own Coat of Arms, and crystal ball to show what we want to achieve this year. We spent one afternoon creating birthday cards for members of our class, and we have also discussed and thought about what makes a good friend, ahead of a fantastic year at Perry Hall!

Year 6 came back to school with smiles on their faces and a spring in their step. The children have been getting to grips with their new roles and responsibilities as members of Year 6, looking at what qualities they have and can see in one another. They have created their class charter and thought about what they would like to achieve by the end of this year – many brilliant hopes and aspirations were shared by all! Year 6 have taken part in a range of team building activities, demonstrating their willingness and determination to succeed – what a great year it is going to be!

What have KS1 been up to this week?

Aspirational beginnings

Year 1 have had a great time settling in to their new classrooms. They have been enjoying the extra space in the corridor and have settled quickly into the new routines and expectations of year 1. The children have completed 2 pieces of independent work and have enjoyed writing about their aspirations, for what they would like to be when they grow up, and for their exciting new school year, for the 'Aspiration Tree' display.

Year 2 have been making their own peg labels and have also been discussing their aspirations, ready for their display. They have also been writing some brilliant superhero stories and using their maths skills to solve a mystery.

The children have a wide range of aspirations:

"I have enjoyed playing with my friends and doing work. When I am grown up I will be a policeman. I will help people and keep them safe!"

Mantejpreet—Year One

"When I grow up, I want to be a bank manager. I can work with money and do other things for people!"

Jasmine—Year Two

"I am going to be a medicine person, so I can make people better, so they are not sick anymore."

Porsche—Year Two

The children have had lots of story time, which helps them to build up their story writing knowledge and are working hard at exploring their environment and setting rules so they can all be great learners for one another.

All of the children appear really happy to be back with their friends, working and playing together!
