Remote Learning Arrangements during School Closure and Half Termly Topic Grid

Year Group Updates and Reminders:

Our second week of remote learning during National lockdown is complete! What a successful week it has been! We wanted to say a huge well done to all of our children, families and staff for managing this challenge so effectively- the children of Perry Hall continue to amaze us with the dedication and determination they continue to show towards their learning. We hope your new routine, whether that involves your child attending school or continuing to work from home, is going well and that you are all remaining safe and fit! Our staff have thoroughly enjoyed not only seeing the children- either on screen or in person- but also speaking to them on the phone during their well-being calls and reading the emails you have been sending in to year group email addresses. We thank you for your support with all of these methods of communication.

Please stay safe and do not hesitate to contact us if you require any support. Miss Kohli and Mrs Gibbins.

Year 2, you have all been amazing again this week. We are so proud of everyone. You have all put so much effort into your work. Once again, your behaviour has been impeccable. It has been great to see lots of you join in with the live online lessons. Thank you all for being such superstars.

Keep up the great work year 2!

Year 2 - Spring 1 – Heroes and Villains – What makes a good Hero?

This grid outlines the knowledge and skills that Year 2 children will gain throughout this half term's topic.

As readers we will:

We will be becoming familiar with our reading domains. We will be looking how to tackle comprehension questions and a range of strategies to support us. Additionally, we will be looking at a range of fiction and non-fiction texts, and will be exposed to poetry. This will be the first time many of us are tackling guided reading in this way. We will be using our reading domains to help us answer different types of questions.

As mathematicians we will:

Be looking at the four operations (addition, subtraction, multiplication and division). We will be learning how to use these operations to help us with other aspects of our work such as fractions. We will be learning to recall our times tables with speed and accuracy.

As writers we will:

Be creating our own Heroes and writing about them We will be using lots of description to do this. We will be focusing on our handwriting and spelling this half term. We will be recapping previous skills and learning new Y2 skills and learning how to use these in different genres of writing.

As scientists we will:

Learn about 'Animals including Humans'. We will be learning about how animals and humans grow and also about the needs we have. We will learn that some things are living while others are not and how some things have never actually been alive. We will also be learning about a health well balanced diet.

As historians we will:

Be looking into the suffragettes and Emily Davis. We will be learning about how normal people become Heroes through the work they did. We will also be learning about nurses such as Mary Seacole.

As geographers we will:

Be looking at the local area using OS maps and grids. We will also look at what features our local area has and how these are identified on maps.

As designers we will:

Be creating our own super Hero belt. We will be thinking about the features our belt will need. We will design, make and evaluate our product.

As artists we will:

Be focusing on different kinds of art. We will be using 2Paint to help us with this. We will create pictures in different styles linking to our topic.

As musicians we will:

Be looking at musical elements such as pitch, tempo and rhythm. We will be using our bodies to create our own Hero or Villain theme tune.

In PE we will:

Be learning through competitive games such as badminton, basketball, cricket, football, hockey, netball, rounders and tennis. We will learn the rules of these games and learn how to play as a team and ensure that we understand that taking part is the main lesson that we learn.

In computing we will:

Be learning how to create, organise and store a range of documents. We will be linking this to our art work. We will be learning to save our work confidently and independently.

In RE we will:

We will be looking at parable stories from a range of special religious books. We will be comparing these stories across different religions.
