Year 2 - Spring 1 – Heroes and Villains – What makes a good Hero?

This grid outlines the knowledge and skills that Year 2 children will gain throughout this half term's topic.

As readers we will:

Be becoming familiar with our reading domains. We will be looking how to tackle comprehension questions and a range of strategies to support us. Additionally, we will be looking at a range of fiction and non-fiction texts, and will be exposed to poetry. This will be the first time many of us are tackling guided reading in this way. We will be using our reading domains to help us answer different types of questions.

As mathematicians we will:

Be looking at the four operations (addition, subtraction, multiplication and division). We will be learning how to use these operations to help us with other aspects of our work such as fractions. We will be learning to recall our times tables with speed and accuracy.

As writers we will:

Be creating our own Heroes and writing about them. We will be using lots of description to do this. We will be focusing on our handwriting and spelling this half term. We will be recapping on previous skills and learning new Year 2 skills applying these in different genres of writing.

As scientists we will:

Learn about 'Animals including Humans'. We will be learning about how animals and humans grow and also about the needs we have. We will learn that some things are living while others are not and how some things have never actually been alive. We will also be learning about the importance of having a healthy well balanced diet.

As historians we will:

Be looking into the suffragettes and Emily Davis. We will be learning about how normal people became Heroes through the work they did. We will also be learning about nurses such as Mary Seacole.

As geographers we will:

Be looking at the local area using OS maps and grids. We will also look at features in our local area and how these are identified on maps.

As designers we will:

Be creating our own super Hero belt. We will be thinking about the features our belt will need. We will design, make and evaluate our product.

As artists we will:

Be focusing on different kinds of art. We will be using 2Paint to help us with this. We will create pictures in different styles linking to our topic.

As musicians we will:

Be looking at musical elements such as pitch, tempo and rhythm. We will be using our bodies to create our own Hero or Villain theme tune.

In PE we will:

Be learning competitive games such as badminton, basketball, cricket, football, hockey, netball, rounders and tennis. We will learn the rules of these games and learn how to play as a team and ensure that we understand that taking part is the main lesson that we learn.

In computing we will:

Be learning how to create, organise and store a range of documents. We will be linking this to our art work. We will be learning to save our work confidently and independently.

In RE we will:

We will be looking at parable stories from a range of special religious books. We will be comparing these stories across different religions.
