

Sporty Summer

During the holidays, can you create your own times table game?

Practice your 2, 3, 4 and 10 times tables on paper first, and then see if you can think of a fun game to help you remember them!

Why not try...

- 🦋 Playing catch with a ball and saying the times tables with each catch. What number can you get up to?
- 🦋 Learn a new dance and shout out the next times table with each movement!
- 🦋 Create an assault course in your home. Whenever you make it into the next section, you have to start a new times table to enter!

Get creative and send us your ideas. We can't wait to try them out when we're all back in school!

Olympic Game Designer

During the holidays, can you create your own Olympic Event? This can be as wacky and fun as you can possibly think of!

Try and get your family to join in with you too!

Year 3
2021/2022

Holiday Transition Activities

Please email us with any completed tasks by Monday 6th September 2021

ph.y3homelearning@perryhallmat.co.uk

Emails can be sent in anytime from Friday 23rd July and will be responded to when school reopens in September.

Holiday Snapshots

During your holidays, create some snapshots to tell the class what you've been up to! You can draw and write...

- ☀️ Where you went
- ☀️ Who you saw
- ☀️ Games you played
- ☀️ Things you ate
- ☀️ What happened on the last day of your holiday

We will talk about these during 'Show and Tell' in our first week back!

Year 3 Book Reviews

Your Year 3 teachers love reading and will become bookworms across the holidays!

We'd love to find out more about what you've read over the summer. So we'd like you to choose your favourite book that you read and send us a review. Make sure you include...

The title, the author, your favourite character, a summary of what happens in the book and 3 things you loved about the book! You can include drawings too if you'd like to!

All About You!

Your Year 3 teachers are really looking forward to getting to know you better.

Over the summer, can you get creative and make something to show us 'All About You'!

It can be a drawing, a painting, something you've coloured in... or you can get really creative and find things around your home and garden that tell us about you!

Don't forget to label or write down what each part means so we get to learn 'All About You'!
