

Rainbow Scavenger Hunt!

Collect as many natural items as you can to match the colours of the rainbow. Once you have collected your colours, create a rainbow! Alternatively, you can use indoor items to create your rainbow.

Year 4
2021/2022

Holiday Transition Activities

Please email us with any completed tasks by Monday 6th September 2021

ph.y4+homelearning@perryhallmat.co.uk

Emails can be sent in anytime from Friday 23rd July and will be responded to when school reopens in September.

Book Review

In Year 4, we love to read!

Please write a review of your favourite book. Tell us: the title, the author, your favourite character, a brief summary about the book and why you love it.

Any completed book reviews will be printed and presented around our reading area.

If I was Emperor for the day...

Our first Historical focus this term will be the Romans.

Write down a list of rules you would put in place if you were Emperor for the day.

Super Sports Day!

During the summer holidays, challenge your family to a sports day. Create a whacky obstacle course and see who can complete it in the quickest time.

DIY Lava Lamp

Make this awesome fizzy lava lamp using bicarbonate of soda, sunflower oil, food colouring and water in a jar / bottle.

Put a torch behind it to watch the bubbles dance!

Random acts of kindness

Random acts of kindness can be as simple as saying something nice to someone. By performing acts of kindness, we are making the world a better place!

Do something kind for your friends and family each day.
