

Please select one piece of homework to be completed each week.

## Year 3 Autumn Term 2021 The Stone Age

Please hand in your homework on Thursdays. Email to [ph.y3homelearning@perryhallmat.co.uk](mailto:ph.y3homelearning@perryhallmat.co.uk)

### Geography:

The world around us can be seen in many different ways. One way we can look at it is by looking at human features (made by people) and physical features (naturally existing).

Go on a walk with your family and spot as many human and physical features as you can. Make a list, or even take photos and send them in to us!

### Design & Technology:

We have been learning about people in the Stone Age and how they lived. Why not try making your very own Stone Age home? There are lots of styles you could choose from, research them online and use resources you have at home to make your very own! Once you've made it, evaluate your Stone Age house!

### PSHE:

In PSHE we are learning all about relationships. Can you create a tree of people that are important to you? It can be your family, friends or anyone that means a lot to you!

### Science:

Go for a walk and try 'Spotting Forces!'. Can you see a push and pull force in nature, or even on a playground?

Can you make a poster to explain what you saw? Send it to us by email when you have!

### Art:

Can you learn how to draw a woolly mammoth and a terrified caveman?

Try to follow this step-by-step guide by following this link: <https://www.youtube.com/watch?v=rBE24RJEDos>

### History:

Lots of what we know about the Stone Age and our early ancestors is because of fossils and artefacts that have been found.

Imagine you are an archaeologist. Ask someone to place small objects in sand, rice or sugar and then use a small brush (toothbrush or make up brush) to find them. Can you discover them all and think imaginatively about how the items you have found *could* be used?

Send us a photo of you and your discoveries!

### English:

S  
T  
O  
N  
E  
A  
G  
E

Write an acrostic poem about the Stone Age. Try to include any new vocabulary that you have learnt this term.

Add illustrations and Stone Age art around your poem and send it in to us!

### Computing:

We use technology in all parts of our lives. What technology can you find around your home? What is it used for?

Make a leaflet to show us what you've found.
