

## Covid Updates.

If your child displays any coronavirus symptoms, please ensure that they self-isolate and that you book them in for a PCR test (<https://www.gov.uk/get-coronavirus-test>) and not use a lateral flow device. Children's test results need to be continued to be emailed into the school email address.

If your child does test positive on a PCR test, the guidance regarding self-isolation periods has been updated. Please ensure that you have read this guidance fully: <https://www.gov.uk/government/publications/covid-19-stay-at-home-guidance/stay-at-home-guidance-for-households-with-possible-coronavirus-covid-19-infection>

See the visual below for an overview:

\*Your child should not take an LFD test before the sixth day of their isolation period, and they should only end their self-isolation after they have had 2 consecutive negative LFD tests which should be taken at least 24 hours apart. They should stop testing after they have had 2 consecutive negative test results.

All children over 5 identified as a contact of someone with COVID-19 are strongly advised to take a LFD test every day for 7 days and continue to attend their setting as normal, unless they have a positive test result. Children under 5 are exempt from self-isolation and don't need to daily test.

Any pupil absences for 'any new ill health presentations', as well as those who become unwell whilst at school, are strongly encouraged to take a LFD test and not return to school unless the test returns a negative result and they feel well. If no LFD test is taken, the pupil will be able to return to the setting 48 hours after feeling well. This is recently updated guidance from Public Health.

Colman Avenue, Wolverhampton, WV11 3RT. Telephone number: 01902 921159.

# Perry Hall News!

Friday 7th January 2022

A Place to Grow

Welcome to Perry Hall News, a weekly newsletter to celebrate our achievements and keep you up-to-date with upcoming events.

## 2022: Happy New Year to you all!

*I hope that you have all had an enjoyable Christmas break with your families and that Covid isolation and illness has not impacted too many of you. As we embark upon the Spring Term, staff are excited to launch your child's new termly topic with them and see their enthusiasm and keenness to learn shine through something I am, as always, so proud of at Perry Hall.*

I am equally as proud of how the children have settled back into school this week and cannot wait to see the progress that they continue to make throughout this term. You will soon be receiving your child's termly curriculum newsletter providing you with an overview of your child's Spring Term topic and the key knowledge and skills that they will cover in each subject area to enable you to further support your child from home should you wish. This document will also provide you with a reminder of key year group information. A copy of your child's homework grid will also be sent to you. Thank you for your continued support.

## After School Clubs

Please note, after school enrichment clubs for this term begin next week, week beginning 10th January, for those children who have already signed up— you will have received an email confirmation to confirm your child's place.

## If your child is absent from school...

This is a polite reminder that if your child is absent from school due to illness, please inform the school office by 9am on the morning of the absence by phone (01902 921159) or email ([perryhallprimaryschool@wolverhampton.gov.uk](mailto:perryhallprimaryschool@wolverhampton.gov.uk)).

If your child becomes ill whilst at school we will always contact you to inform you and arrange collection. We will always try and speak to primary carers in the first instance before calling any additional contacts. Please ensure these details are up to date if they change at all.

### Are you this week's star of the week?

A child from each class is chosen as Star of the Week for doing something special during that week. It may be related to their work, behaviour and/or their attitudes

Two's Provision AM		Two's Provision PM
