Welcome to Perry Hall News, a weekly newsletter to celebrate our achievements and keep you up-to-date with upcoming events.

National Story Telling Week Celebrations 2022—Next Week

Next week is National Story Telling Week. Perry Hall will be celebrating the aural tradition of story telling by exploring Traditional Tales. Our Reading Buddies are busy preparing for this. Watch out next week for what we get up to!

Careers Week 2022 - 7th—11th March

We need your help! Do you have a job or career you are willing to speak to our children about? Can you explain the path you took to get you there? The qualifications and skills needed to do it? If so, please get in touch with Mrs Holdcroft via the school email or phone number asap. Thank you!

NSPCC Number Day- 4th February 2022

We are delighted to, once again, be supporting the NSPCC by taking part in their Number Day on **Friday 4th February 2022**. This year we will celebrate NSPCC Number day as a whole school with the theme **“The Mad Hatter’s Number Party”**. Each year group will celebrate Mathematics through the story of Alice in Wonderland. Pupils will take part in exciting mathematical activities which link to our whole school theme throughout the day. We will also be taking part in **Dress up for Digits** and pupils will be invited to **wear an item of clothing with a number on it**— being as creative as possible.

To help raise money for the NSPCC, we are asking for a suggested donation of **£1 per child**. We’d love everyone in the school to take part in this special event. We look forward to sharing each year groups efforts with you. For full information, please see the letter sent out on 24.11.22.

Goodbye Miss Nelson and Good Luck

Today, Miss Nelson, who has this year been working as part of our Year 6 team, leaves Perry Hall to pursue a career within another field. We wish her all the luck in the world as she embarks on this new opportunity and I wanted to express our thanks for all of the hard work and commitment that she has shown to Perry Hall over the last 7 1/2 years.

Year 6 Residential to Laches Wood

Last week, Year 6 went on their residential trip to Laches Wood. It was absolutely fantastic to see the children flourish while they were there and we could not have been prouder of how they represented themselves and Perry Hall.

Throughout the week the children each took part in rock climbing, abseiling, BMXing, archery, orienteering, bushcraft and many more activities. Even though many of these activities challenged the children’s resilience and determination, all of the staff (including those from Laches Wood) were absolutely blown away by the positivity, excellent team work and maturity shown by all of our Year 6 children.

Our visit to Laches Wood included a day trip to Carding Mill Valley where the children walked, or rather scrambled, to the top of the valley to find the source of the River Ashbrooke. This 4 mile walk included visiting a waterfall and discussing the rock formations that you could spot within the area. All of the children made it to the top of the valley (and they made sure that the staff did too, with their help!)

The staff from Laches Wood also wanted us to pass on how impressed they were with our children from Perry Hall. The children demonstrated brilliant manners and the instructors were incredibly impressed with how the children supported each other.

We also wanted to take this opportunity to thank our Year 6 parents for the support that they have given us organising our residential trip this year. It has been fantastic to be able to provide our children with this kind of opportunity again and we were delighted to see how much the children and the staff enjoyed themselves. Hopefully our Year 6 children made some life long memories while they were at Laches Wood and took one more step closer to being independent enough for Secondary School. Well done Year 6!

Are you this week's star of the week?

A child from each class is chosen as Star of the Week for doing something special during that week. It may be related to their work, behaviour and/or their attitudes to learning.
