Headteacher: Mrs Tash Young BA Hons, PGCE, NPQH

*Developing happy, confident and resilient young women*

Dear Parents / Carers,

We have been contacted by Wolverhampton Girls' High School to offer girls in Year 5 the opportunity to take part in remote, 'fun' activity sessions to introduce potential students to their school. They are undertaking these sessions, in addition to inviting girls to visit on site for their open days, to help families recognise that they are a state school and so free of charge.

Sixth Form students from Wolverhampton Girls' High School will be delivering these fun educational sessions remotely on the dates below:

- **4 April 2022 – History**
- **5 April 2022 – Science (Physics/Mechanics)**
- **7 April 2022 – Games (The Commonwealth)**

Each session will begin with a brief talk on the student experience of attending Girls' High followed by fun session tasks. Each session will last for 1 hour, from **4-5pm**. These sessions should be attended by Year 5 girls only.

Please note that for the Science session on 5 April, there will be a practical element to the session and so it will be useful if your daughter has the following items collected and accessible for the start of the session:

- Balloon
- Straw
- Coin
- Sticky Tape
- Juice carton
- 2 toothpicks
- 4 bottle tops (even size and shape)
- Rubber band

### **Remote Session Registration Needed**

In order to attend one or more of the remote sessions, you must register via the Y7 Admissions page on their school website. [Year 7 Admissions | Wolverhampton Girls' High School \(wghs.org.uk\)](http://Year7Admissions|WolverhamptonGirlsHighSchool(wghs.org.uk)). Once on the website, under the remote session headings, you must click the registration button showing the correct session date in order to access the registration form to complete. Once you have registered, you will receive a link inviting you to join the session. **Registration is now open.** You will need to register for each session individually – you could register for all 3!

We hope you take up the opportunity to join these free remote sessions, beginning your secondary school journey.

Yours sincerely,  
Mrs C. Gibbins  
Head of School
