

4th April 2022

Covid-19 Update Letter: Living with Covid.

Dear parents / carers,

As you may be aware, last week, on 29th March, the Government released next steps and guidance for living with COVID-19.

Public Health Wolverhampton have sent us the following summary to share with yourselves and our staff:

- Symptomatic and asymptomatic testing (PCR and LFT) has now ceased for the majority of the population.
- Children who have **Covid-19 symptoms should stay at home** and avoid contact with other people. **They can come back to school when they are well enough to attend and do not have a high temperature.**
- For **children testing positive for COVID-19**, they should **stay at home for 3 days and avoid contact with others**. They should then return to school and their normal activities only if well enough and if they do not have a temperature.
- For adults testing positive for COVID-19, they should stay at home for 5 days (remembering day 0 is day of onset of symptoms/day of test if no symptoms) and avoid contact with others. They should then return to their normal activities only if well enough and don't have a temperature.

Within the guidelines, the following is still advisable:

- wear a mask/face covering in enclosed spaces (we request this, if you are able to do so, when entering our school building)
- keep indoor spaces ventilated
- stay away from others if you have any symptoms of COVID-19

If you have any queries about the above information, please do not hesitate to contact us.

Thank you for your continued support in keeping us all safe.

Mrs C. Gibbins
Head of School
