Limb Loss Awareness Raising Day 2022

We have had a fantastic morning in school today! To raise awareness of disability and disability within sport, Perry Hall hosted its Limb Loss

Awareness Raising Day. To begin with, the children discussed what a disability is and the different types of disabilities that people have to deal with on a daily basis. They discussed how sport can be made more inclusive for people with disabilities. Finally, the children then took part in a range of sports which each simulated different disabilities. These ranged from seated

volleyball, to goal ball, to blind football. An amazing morning was had by all and a lot was learned about the impact disability has on sport.

Are you this week's star of the week?

A child from each class is chosen as Star of the Week for doing something special during that week. It may be related to their work, behaviour and/or their attitudes to learning .
