

Year 3's Food Technology Experience Day

On Tuesday, as part of Year 3's Rocks and Fossils topic, all children took part in an exciting day of cookery as they made their very own cheese and onion pasties. With the humble pasty playing a key part of a miner's lunch, it was the perfect way to bring together our learning on the topic.

Children chose their own ingredients, rolled pastry, mixed their filling, crimped their pasty and even added their own initials for that personal touch. Children also learned about the diets and significance of miners in our local area.

The day was a huge success with many children beaming with pride and joy at their creations. Well done to everyone!

Summer Term Milk

If you wish for your child to have milk during the Summer Term, please make the £14 payment on ParentPay **before 24.04.22**.

If your child has free school meals or is under 5, you are entitled to free milk and this will be ordered automatically by the school office.

If you are not sure whether you are entitled to free school meals and free milk, please speak to the office.

Breakfast and After School Club Summer Term Bookings...

A Place to Grow

Welcome to Perry Hall News, a weekly newsletter to celebrate our achievements and keep you up-to-date with upcoming events.

Happy Easter Holidays

Thank you for all of your support during this extra busy Spring Term. There have been many, many successes. The children, as always, have made us very proud.

Thank you also to those families who joined us in our Two's, Reception, Year 1, 3 and 5 stay and plays/craft afternoons. It was wonderful to have so many parents/carers in school, within their child's settings— the children were very excited. The Early Year's children who created Easter bonnets looked fantastic—thank you for your input and support in making these.

Have a great Easter break and we look forward to seeing your child/children back in school on Monday 25th April for an exciting Summer Term.

World Autism Awareness Day 2022

On Monday (4th April) we celebrated World Autism Awareness Day in school.

Years 3 and 4 took part in fantastic workshops provided by the Outreach Team to raise awareness of Autism. Within these, the children looked at the autism ice cream sundae. We made an ice cream sundae and each part of the sundae represented a challenge that may be faced by autistic people. We used the idea of a spoon making the scoops smaller as a way of looking at how we can support autistic people with these challenges. Pupils were able to identify parts of the ice cream sundae and say what challenge this represented for autistic people.

Within other year groups, children carried out a range of discussions and a variety of activities and stories that developed their understanding of Autism.

We all had a great day!

Creative Arts Person of the Term

Nursery	Reception	Year 1	Year 2
am – Alexi-Athena P pm – Japji S	RCR – Louie R REP – Emily M	1HH – Elsie M 1DL– Kylan C	2SW – Evelyn N 2LT— Anayah C
Year 3	Year 4	Year 5	Year 6

Last Week's Attendance

Whole school attendance was 90.4%

Reception & Key Stage One

Highest attenders were

1DL with 93.3%
attendance.

Key Stage Two

Highest attenders were

6MH with 96.2%
attendance.

The classes with the highest attendance each week will receive an in class reward.

World Art Day 2022

Every year World Art Day is observed on 15th April each year to celebrate the *fine arts*. It promotes awareness of creativity world-wide. This particular date was chosen in honour of the great artist Leonardo da Vinci, and it also marks his birthday.

Some of the most popular types of art include painting, sculpting, drawing, photography, and calligraphy. These art forms can be used in professional applications, such as architecture, fashion design, wood crafts, and jewellery design. Along with visual arts, there are also the performing arts. Examples of the performing arts include dance, theatre, and music.

- Art generates a love for learning and creativity. Art strengthens focus, improves hand-eye coordination, and helps teach problem-solving.
- It supports emotional intelligence and helps people express complex feelings.
- Art reaches across racial stereotypes and religious barriers and helps to build communities.
- It builds self-esteem, increases motivation, and improves holistic health.
- Art awakens the senses and helps people experience the world in new ways.

As this day falls with the Easter holidays, we are encouraging our Perry Hall families to get involved at home. You could, sketch, paint, create 3d models using salt dough, as well as sing, dance and act!

It would be lovely to see your artwork, please bring in or email your creations to your year group email address!

You may want to visit a local Art Gallery where various events are happening.

Please browse the individual websites to plan your visit and find out what events are happening during the Easter holidays. .
