

Thursday 23rd June 2022

Dear Parents/Carers,

Enterprise Fair – Friday 1st July

Next week, Year 6 children are going to be taking part in our annual Year 6 Enterprise Week - with the sole aim of selling their products to other children in school during our Enterprise Fair next Friday morning (1st July) in the school hall.

Each team will be assigned a staff mentor for the week and will use their entrepreneurial skills to think of a product that they could make and sell within their timeframe and cost limits. Each child will be assigned specific roles within their group to allow them to maximise their profit and minimise cost.

The teams will also have to work exceptionally hard, as their first main task will focus on performing a 'pitch' of their product in a Dragons Den style presentation - to members of our governing body.

On Friday 1st July, from 10.30am onwards, all products will be sold in our school hall where children from Years 1-5 will be invited to spend, spend and spend some more at our Enterprise Fair!

All profit made will be used by the Year 6 children to contribute towards their end of Year 6 party.

We would be very grateful if you could send your child into school with a small amount of money on the 1st July, in order for them to make small purchases – no more than £3 will be needed.

Thank you for your support of Year 6's enterprise venture.

Yours sincerely,

Mrs Gibbins
Head of School
