### Year 5 Food Technology

Dear Parents,

To conclude our writing cycle focussing on instructions, on Friday 12<sup>th</sup> May, Year 5 will be following their own written instructions to create a Greek salad. All ingredients will be provided; however, as we will not be eating this in school, your child will need to bring in a small container (such as a lidded plastic food container or Tupperware) if they wish to take their salad home to try.

During the activity children will be chopping and arranging the following ingredients:

- cucumber
- tomato
- onion
- feta cheese
- olives
- oregano
- salt and pepper

If your child has any allergies or dietary requirements that will restrict them from taking part in this activity, please let their class teacher know by the end of the school day on Thursday 11<sup>th</sup> May.

Thank you in advance for your support.

Mrs Gibbins and The Year 5 team.
