

6th July 2023

Enterprise Fair

Dear Parents/Carers,

Next week, Year 6 children are going to be taking part in our annual Year 6 Enterprise Week - with the sole aim of selling their products in our Enterprise Fair next Friday morning (14th July) in the school hall.

Each team will use their entrepreneurial skills to think of a product that they could make and sell within their timeframe and cost limits. Each child will be assigned specific roles within their group to allow them to maximise their profit and minimise cost.

On Friday 14th July, from 10am onwards, all products will be sold in our school hall where children from Years 1-5 will be invited to spend, spend and spend some more at our Enterprise Fair!

All profit made will be used by the Year 6 children to contribute towards their end of Year 6 party.

We would be very grateful if you could send your child into school with a small amount of money on the 14th July, in order for them to make small purchases – no more than £5 will be needed.

Thank you for your support of Year 6's enterprise venture.

Yours Sincerely,

Mrs Gibbins
Head of School
