

Friday 7th October

RWI QR codes

Dear Parents/carers,

We are excited to share with you an innovative way to support your child's phonics learning journey at home. Starting from this week, alongside the weekly spellings, we will be providing QR codes that link to Read Write Inc. (RWI) virtual classroom videos corresponding to the sounds your children have been learning in phonics.

The QR codes we are providing each week will lead you to RWI virtual classroom videos that align with the specific sounds your child has been focusing on during their phonics lessons. These videos are a valuable resource to reinforce what they have learned in school and support their continued phonics development.

How to Use the QR Codes:

1. **Open your smartphone or tablet's camera app.**
2. **Hold your device over the QR code provided in the weekly spellings package.**
3. **A link will appear on your screen. Click on it to access the corresponding RWI virtual classroom video.**

The RWI virtual classroom videos are designed to engage and assist your child in their phonics journey. They provide an opportunity for your child to:

- Review the sounds learned in class.
- Practice blending and decoding words.
- Gain confidence in their phonics skills.
- Enjoy an interactive and fun learning experience.

Please be aware that these video links have an expiration date. They will be accessible for 10 days from the date of distribution. After this period, the links will no longer be valid. The combination of in-class phonics lessons and these interactive videos at home will help reinforce their phonics knowledge and further develop their reading and writing skills.

If you have any questions or encounter any issues with the QR codes or video access, please feel free to reach out to us. Thank you for your continued partnership in your child's education. Together, we can ensure their success in phonics and beyond.

Yours sincerely

Mr L Fellows
